## Fallen Leaf Lodge

LAKE TAHOE

卷之三

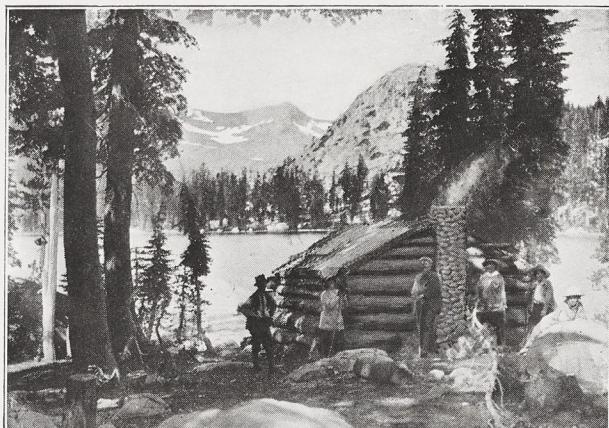

## LAKE OF THE WOODS CAMP

In Desolation Valley, five miles to the west, the Lodge has a camp for the use of those who wish to explore the wonderful glacier basin, and the higher lakes and peaks. The cabin, tents and camping outfits are free to the guests. The Lodge also has ten rowboats on the upper lakes that are free to the guests.

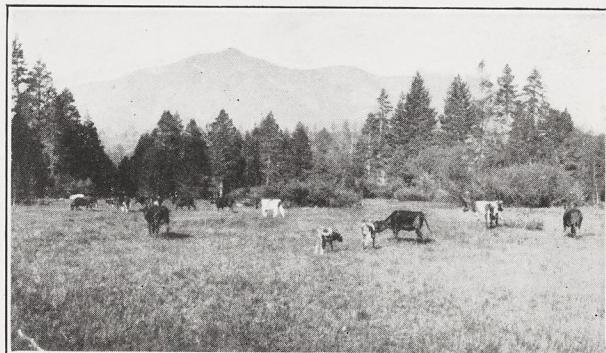

## AMUSEMENTS AT FALLEN LEAF LODGE

No resort compares with the Lodge in the variety of its amusements. Boating, bathing, mountain climbing, the evening dance, the camp fire, picnics innumerable, launch parties about the lake, auto parties all over the region to distant fishing streams and points of interest, make a continual round of pleasure for our guests. It is the earnest intention to keep the Lodge homelike, to make all possible improvements for the comfort and pleasure of its patrons.

The TROUT of Tahoe and its nearby lakes are famous over the world. Six kinds of trout are common in Fallen Leaf and the dozens of lakes near at hand. The streams also furnish the best of sport.

Lake of the Woods Camp, Elevation 8,000 Feet

A Portion of Herd that Supplies the Lodge with Fresh Milk, Cream and Butter

The artist, Mr. L. P. LATIMER, has here his classes in water color and oil. He chose the Lodge because of its famous scenic attractions.

## HOUSEKEEPING CAMP

On the shore of the lake a third of a mile away from the Lodge are a few tents and rustic cabins furnished for light housekeeping, except linen. All supplies can be had at our General Store.

Tent for one person .....	\$ 5 per week
Tent for two persons .....	7 per week
Tent for three persons .....	10 per week
Cabin for two persons .....	10 per week
Cabin for four persons .....	16 per week

Sam Young, our genial chef, who so favorably impressed the guests of the Lodge the last eight seasons, will be with us again this year.

## FALLEN LEAF LODGE

at the southern end of Fallen Leaf Lake, five miles from Tallac, offers greater attractions to the tourist than any other Tahoe resort. Overlooking the beautiful lake and close under snowy peaks, it has waterfalls and rushing streams, boating, bathing, fishing and mountain climbing at its very door. The panorama shows this superior location.

Fallen Leaf is a glacial lake, three and a half miles long and a mile wide, with a shore line of ever-changing beauty—rugged cliffs with snow peaks overhanging, sandy beaches where children play, wooded points and sheltered bays where wild ducks rear their young, and everywhere the dark forest comes down to the water's edge. People who know say Fallen Leaf is the most beautiful of all the Tahoe lakes. In the neighborhood of the Lodge are over fifty other lakes and peaks to attract the angler and the nature lover.

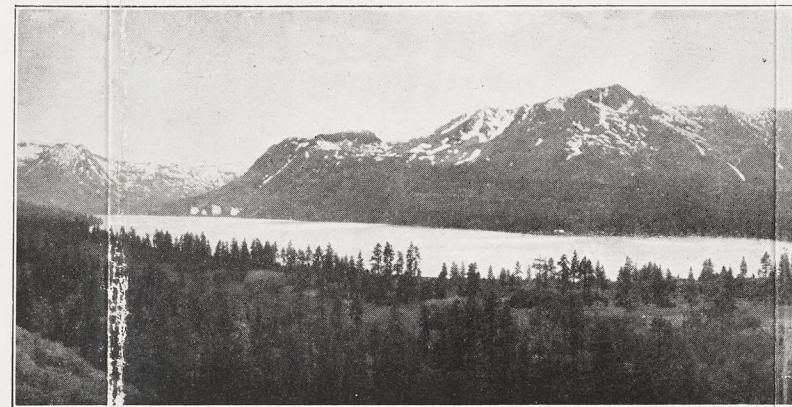

### NEW TRAILS

The Lodge is in the very center of this wonderland. From the Lodge roads and trails radiate to all the points of interest. The Lodge management has built many miles of new trails. The new Tamarack Lake trail is the most beautiful in the whole region, and opens up to horseback parties the Echo Lakes and Desolation Valley.

### ACCOMMODATIONS

The Lodge offers its patrons a great variety. There are rooms single and en suite, one, two, three and four room cottages, with and without private bath, and numerous tents. Many of the cottages and tents are so arranged that the occupants may sleep out-of-doors if they wish. Many new row-boats have been added for this season. The Lodge has its own electric light plant, laundry, post office, store, express and Long Distance telephone.

The cottage system at the Lodge deserves mention. There are over fifty rustic cottages in every variety of situation. Some are close to the water, others are perched high up, commanding a superb view, others again are in shady thickets. Some are of three rooms with private bath, and can house a family party. All the cottages have open fires, stoves or heaters. Almost all have running water, and many of them

have private bath. The rates even for these "best accommodations" are most moderate.

### NO POISON OAK

### NO RATTLE SNAKES

### NEW AUTO ROAD

The completion of the State Highway makes Tahoe the most famous "Tour" in California. The Lodge is only twenty minutes from the highway and is "official" stopping place for the Automobile Club. Every tourist should run in and see beautiful Fallen Leaf Lake. Each year the roads are improved. Over 1,000 autos visited the Lodge last year. Our road from Tallac is open about May 1, but the roads over the Summits depend on the snowfall, and are open a few weeks later.

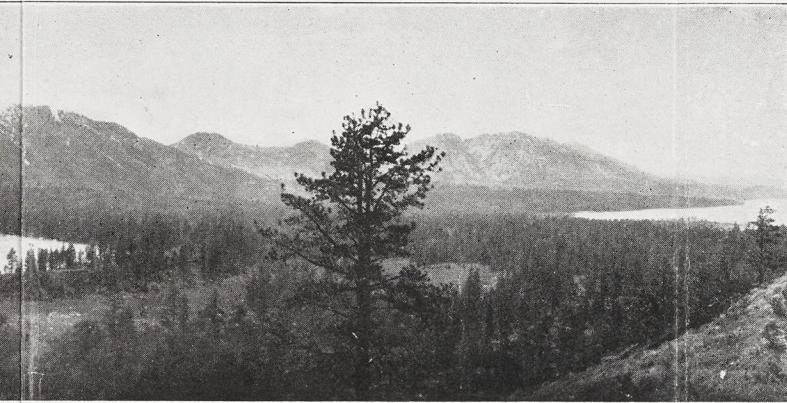

If you are in the Tahoe region try to visit the Lodge before you decide on your resort. We shall be very glad to show you all we have.

### WHERE TO GO AND HOW FAR

The following list shows the nearness of the Lodge to the chief points of interest. Consult the map for the trails:

The Lodge is an Automobile Center

Lake Tahoe
